

Explorer Scout Driving Tests Slated Saturday

A new automotive event providing a safe yet exciting program testing driving ability has been planned by Explorers of the Los Angeles Area Council, Boy Scouts of America.

Licensed drivers will leave the Council office at 8:30 a.m. Saturday, Sept. 24, and drive over a pre-determined course to a point of historical interest. Check points along the route will test the skill of the young drivers.

Each Explorer driver will be accompanied by a male adult who is a licensed driver. Two other Explorers in the car will serve as navigator and timer, or one Explorer can do both jobs, if the car is a three-passenger vehicle.

THE 150-MILE course will be dotted with skill check points developed by the Department of Motor Vehicles, California Highway Patrol, and Automobile Club of Southern California.

The Explorer Road-Day-O is a program of the Los Angeles Area Council, administered by its activities department.

Besides testing the safe driving of licensed Explorers, it will provide training for those who are looking forward to becoming licensed drivers.

JUDGING AND awards will take place at approximately 4:30 p.m., back at the Council office, 2333 Scout Way, Los Angeles.

Since Explorers are responsible for providing the cars with which they will compete, each driver will receive an engraved dash plate for his car. Reservations may be made with the Los Angeles Area Council activities department, DUnkirk 5-3461.

General Phone To Deliver New Book Next Week

The latest issue of the telephone directory for subscribers in General Telephone's Palms Verdes district area will be delivered to the door beginning Tuesday, Sept. 27, according to district manager J. M. White.

"Anybody failing to receive a copy should phone the district office, FR 6-2411, and arrange to obtain one," he said.

He also reported that subscribers served by the El Nido central offices will find their new numbers listed in this directory. The El Nido office services the area bounded by Del Amo Blvd., 190th St., Madrona, Henriette and Prospect Aves.

"Since there have been many number changes for telephone users in the South Bay area and in neighboring regions, it is a good idea to check the directory for the correct number before dialing," he added.

State Senator to Speak to Local Chamber

State Senator Richard Richards will relate to members and guests of the Torrance Chamber of Commerce the seriousness of California's water problem at the monthly breakfast meeting of the booster group on Tuesday, Sept. 27, at the Masonic Lodge. Serving begins at 7:20 a.m.

Co-Chairmen John Wallace and Irene Baker said the Chamber believes that Proposition 1 on the November 8 ballot is the most important issue ever to face the voters of California.

President R. S. Pyle said "If this proposition doesn't pass, it means a serious setback in the development plans of Southern California."
